

TURNING HOPE INTO REALITY: CITY OF HOPE

A Cancer Center Designated by the
National Cancer Institute

MISSION STATEMENT

City of Hope is transforming the future of health. Every day we turn science into practical benefit. We turn hope into reality. We accomplish this through compassionate care, innovative research and vital education focused on eliminating cancer and diabetes.

SERVICES OFFERED AT CITY OF HOPE

City of Hope is a world-renowned research and treatment center for cancer, diabetes and other life-threatening diseases. City of Hope scientific achievements are complemented by a focus on compassionate, personalized patient care. At City of Hope, each patient works closely with a multidisciplinary team of pre-eminent, nationally respected clinicians who collaborate to create individualized treatment plans. City of Hope is one of only 47 comprehensive cancer centers in the nation, the highest designation possible from the National Cancer Institute.

HOW YOU CAN GET INVOLVED

By supporting City of Hope, you will help transform pioneering research into new therapies and approaches for battling deadly diseases, saving countless lives. City of Hope is ranked among the top cancer treatment centers in the country by *U.S. News & World Report*, and has consistently received four stars from charity watchdog, Charity Navigator.

Join thousands of individuals and companies who are taking action through fundraising, volunteering, donor registration and shopping to give. Find out more at CityofHope.org/get-involved.
